Dear Sir or Madam,

Please excuse Precision Ind. Maintenance Inc.'s following mistakes. It was noticed during Precision's possession of these waste streams at their ten day facility that the container count was inaccurate. After further investigation please see the findings:

On the attached hazardous waste manifest 010405648JJK line # 1 is actually 5 containers, not 6.  
On the attached hazardous waste manifest 010405649JJK line # 1 is actually 7 containers, not 6.  
On the attached non-hazardous waste manifest 00023 line # 1 is actually 9 containers, not 10.

We apologize for these mistakes and the inconvenience of this letter.
